TYH operates in three main fields; 'Fast Fashion Production', 'Collection based Brand Products' and 'Corporatewear', by giving the most flexible service with a highly skilled team in bussiness. TYH has expertise in each of these fields, mostly specialized in 'activewear, casualwear and homewear'. All production units are fully audited and certified by International Organisations, for Social Compliance Conformity, that covers; Code of Conduct, Health & Safety and Code of Ethics.

Innovation, creativity and market intelligence is the key to our bussiness. We are expert in technical solutions and sourcing, pushing our limits to develop new and specialised fabrics, garments and processes. In our each development hubs we have a dynamic and experienced design and development team with a global, visionary outlook on fashion market. We attend all the major fashion, fabric and technology fairs and undertake seasonal shopping and research trips to meet the market needs.

In order to maintain a strong presence in the busiess, we put sustainable quality at the forefront of our services and create value to our customers. Every concept is customized to brands individually and its pricing architecture.
